

DNA Learning Center Summer Opportunities!

We are looking to have 6 students employed by the DNA Learning Center over approximately 5 weeks for residential camps and workshops. The camps run from June 15 - July 16. These camps aimed at elementary through high school students and we need your help for it to be a success! While the camps are science themed no specific science knowledge is needed. A passion for STEM and working with younger students are the most important skills needed.

Training begins June 11 so you would need to move to campus June 10. The position runs from **June 11- July 16**. In order to be considered for a position, **you must be available from for this window of time**.

Primary responsibilities will be to a Resident Leader for the students (live in the dorms with them) and be responsible for planning, leading, and supervising evening activities and overnight supervision. During the day while the campers are at the DNA Learning Center, you will either assist with the labs, teaching, or lab preparation work.

Room (single room) and meals will be provided in addition to a stipend. The stipend for the 2025 summer will be \$2700. Many students go on from this to apply and serve as RAs in the future.

Please send information requested below via email or email attachment to DNAcenterDirector@nd.edu by **February 28, 2025!**

If you have any questions, please do not hesitate to contact Dr. Stark, via email (DNAcenterDirector@nd.edu) or stop by Jordan 139. If you are interested in volunteering during the academic year helping with middle/high school students completing a lab, please email Dr. Stark your interest.

Name:

Campus Address:

Home Address:

In approximately 2 paragraphs please describe your interest in participating in the DNA Center Summer Camps as a resident leader including what skills you would bring to the position and any experiences you think have prepared you for this position.

Please provide 2 names for references with email, phone, and contact information. One reference must be on campus (please consider a reference that might be able to speak to your ability to work with middle school age children). Please let them know that you are providing their name and information for this opportunity so they will not be surprised when I contact them.
